To Whom It May Concern:

Our company, which designs, manufactures and installs fixtures, has worked with Craig over a number of years on retail and restaurant Projects throughout North America and the Caribbean.

Craig is a strong communicator and works with us as a partner, creating a team atmosphere easily surmounting any site conditions or road blocks keeping projects on budget and on track.

Craig has the unique ability to incorporate the consultants, the suppliers and the Landlords creating a seamless end to end build.

Recent projects in Jamaica and Austin Texas provided considerable challenges, but working as a team with Craig, all options were assessed and solutions developed which worked within budget and scheduling constraints. This is true team work.

Yours truly,

Larry Clements
